I just want it all
Baby
Baby Baby

Searching for perfection baby
Let me tell you I just want it all

This girl doesn't want Mr Maybe
So don't be wasting my time
Cos I know what I want from my boy
Just enough of your love
So you'll last me till forever

You; re stealing my heart
Like a thief in the night
Yeah I know, no, no
Hold back till you know where I'm at
Cos a girls gotta know for sure

Chorus
Searching for perfection baby
No more time for love
Rejections honey
Gotta make the right connection,
Let me tell you I just want it all
Won't give up on love
Never giving in moving on and up
As we're riding to the rhythm
Cos I'm searching for perfection,
Let me tell you I just want it all

No time for love rejections

No way will I take Mr Part - time
Ain't gonna compromise
So wake up if you want what I've got
Take me on and you'll find
That you'll never get no better

You; re stealing my heart
Like a thief in the night
Yeah I know, no, no

Hold back till you know where I'm at
Cos a girls gotta know for sure

Repeat chorus

No time for love rejections

No time for love rejections

You; re stealing my heart
Like a thief in the night
Yeah I know
Hold back till you know where I'm at
Cos a girls gotta know for sure

Repeat chorus

Want it all

Giving in

Want it all

Loving loving
