Da da

I am naughty but nice  
I am sweetness and light  
I will make your dream come true  
I love to dance through the night  
I love to watch the sun rise  
I want to wake up bright as noon  
And when we get together, together

Chores

Together we're strong and together fun  
And we brake every heart baby one by one  
And it doesn't really matter how old or young, just try  
it, you'll make it  
We know the world is not so great  
We feel the bad times fade away  
Together, together we are strong

I don't mean to get mad  
And I don't mean be bad  
I sometimes get a little crazy  
I love to play like we should  
And I get the feeling so good  
An't no angel going to save me  
Cos when we get together, together

Chores

Together we're strong and together we're fun  
And we brake every heart baby one by one  
But it doesn't really matter how old or young just try it  
you'll make it  
We know the world is not so great  
We feel the bad times fade away  
Together we are strong

When ever you need a friend, we're ready  
To always lend a help in hand, don't be shy  
When you're feeling lonely  
When you're feeling down  
Just remember we can turn the world around around

oh oh oh oh oh

We know the world is not great  
We feel the bad times fade away  
Together we are strong

Chores x2

Together we are strong
