Have you ever had a friend  
Who never let you down  
Right by your side every night and day  
Always hear you when you're calling  
Catch you when you're falling  
Have somebody show you the way

It's OK  
Now I know  
There is a love for everyone  
I will go on with you here  
By my side

You are the one I wanna love  
You are the one I'm dreaming of  
Whenever I'm down  
And feeling lonely  
You are there to hold me  
With you all my troubles are gone  
You are the one I wanna love  
You are the one I'm dreaming of  
Whenever I'm down  
And feeling lonely  
You are there to hold me  
With you all my troubles are gone  
You are

Have you ever had a dream or a fantasy  
Do you believe that love will come your way  
Always there to see you smiling  
Hold you when you're crying  
Tell you everything is alright

It's OK  
Now I know  
There is a love for everyone  
I will go on with you here  
By my side

You are the one I wanna love  
You are the one I'm dreaming of  
Whenever I'm down

And feeling lonely  
You are there to hold me  
With you all my troubles are gone  
You are the one I wanna love  
You are the one I'm dreaming of  
Whenever I'm down  
And feeling lonely  
You are there to hold me  
With you all my troubles are gone  
(With you all my troubles are gone)

And if you ever need me  
There's nothing I won't do  
Believe me it's true  
You are the one (Oh, yeah)  
My only one  
(My only one)  
I do believe  
(I do believe, yes I do)  
In you and me (Oh, yeah)

You are the one I wanna love  
You are the one I'm dreaming of  
Whenever I'm down  
And feeling lonely  
You are there to hold me  
With you all my troubles are gone  
(With you all my troubles are gone)  
You are the one I wanna love  
(You are the one)  
You are the one I'm dreaming of  
(My only one)  
Whenever I'm down  
(I do believe)  
And feeling lonely  
(In you and me)  
You are there to hold me  
With you all my troubles are gone  
You are  
(You are, you are, you are, you are)
