(Verse)

My life is filled with ups and downs, but I would not
change, a single breath or step along the way.
When this road, I travel down is long, I know, with every
crooked step, I'm never alone-
Yeah, believe in the things I cannot see, they guide me
and if the world around me falls.

(Chorus)

I'll believe in you, not just because I can, but with blind
faith built deep inside, you gave it to me.
Yeah, I believe in you, not just because I can, but with
blind faith built deep inside, you gave it to me.

(Verse)

My hopes and dreams, stayed deep inside of me, and
no one but you, could ever know just what they mean to
me-
Down every road and every hard time in my life,
somehow, it always seemed to turn out all right
In spite of me, somehow I made it through, it wasn't
fate, it was all because

(Chorus)

I believed in you, not just because I can, but with blind
faith built deep inside, you gave it to me.
Yeah, I believe in you, not just because I can, but with
blind faith built deep inside, yeah you gave it to me.

(Bridge)

_ So many people, just searching for something to
believe in, I see them trapped there inside their cage,
yeah, I thank you now for this gift you gave to me-

(Verse)

Solid ground, has never been a part of my life, until
now, once I realized, where it all would lead.
And when my eyes grow old, I pray that I'll still see, the
light ahead leading to, the path you cut for me.

(Chorus)

Yeah I believe in you, not just because I can, but with

blind faith built deep inside, you gave it to me.
Yeah, I believe in you, not just because I can, but with
blind faith built deep inside, yeah you gave it to me.

I believe in you, not just because I can, but with blind
faith built deep inside, you gave it to me.
