Nothing matters to you no more  
You took my heart, you tore my soul apart  
So this is what I want to say. [ to say to you ]

So I gave my heart what was promised to you  
For you forever to stay  
How can I be I was blind to see in you  
Your promise wasn't the same  
If I had known you better  
Would this would really matter to me?  
I got to keep up with you, I guess my love was too  
young. [ not right for you ]

Don't go away, I gave my heart to you.  
Gave you love, I gave my heart to you.  
Baby, my baby.  
Want you to stay, I gave my heart to you.  
Gave you love, I gave my heart to you.  
Baby, my baby.

So I kept this love deep inside my heart  
For you forever to share  
As much as i need you, as much as I please you more  
I feel your slipping away  
If I could turn back the time, would it change anything  
to make it right?  
Got to be strong to tell you this is want to say[ to say ]  
to you.

Don't go away, I gave my heart to you.  
Gave you love, I gave my heart to you.  
Baby, my baby.  
Want you to stay, I gave my heart to you.  
Gave you love, I gave my heart to you. [ heart to you,  
heart to you ]  
Gave you all that I can
