See 'em coming  
You better move quick  
He's gonna hit you with a stick  
it doesn't matter what you've done  
you're gonna suffer for his fun

[Chorus]

Red, Blue, they're coming for you  
Sirens revved, you're gonna be dead  
Red and Blue they're coming for you  
Sirens Revved, you're gonna be DEAD

Stops your car  
Looks inside  
asks you "Where you been tonight?"  
Doesn't like you  
Everybody knows  
Don't like your hair  
Don't like your clothes

[Chorus]

Give the people a load of shit  
He doesn't care a fucking bit  
...And justice for all but not for you  
there's not a fucking thing to do

[Chorus]
