What ever happened to Celtic Frost?  
Is it true that they got lost  
in the pandemonium  
Never to be seen again  
Tom Warrior fell from a tree in cherry orchard  
Martin Ain drowned in a cold lake  
Reed St. Mark went to Mega Therion  
and remains there 'till this day  
Tom Warrior is waiting for the emperor's return  
Martin Ain's trapped in the circle of tyrants  
Reed St. mark was blinded in the crypt of rays  
where he remains 'till this day
