I don't know how I'm supposed to feel
Without my tiny little pills
Sudden emotions I have awoken
I'm wet behind the ears
To find myself in such a cruel cruel world
And nobody gets me
Nobody gets me
Nobody gets me
Like you
And everyone left me everyone left me
Everyone left me but you
You're the only one
The only one
The only who gets through
And when my hope is gone
I'm feeling numb the only one
I let though is you, you
You get me through
You get me through
This cruel cruel world

It's been a battle for too long
And all my happiness has gone
Kindness erases a city of strangers
Deep down in my bones
All I wanna do is crawl back home to you
Cause nobody gets me
Nobody gets me
Nobody gets me
Like you
Everyone left me
Everyone left me
Everyone left me but you
And you're the only one
The only one, the only who gets through
And when my hope is gone
I'm feeling numb,
The only one I let though is you, you
You get me through, you
You can get me through this cruel cruel world
This cruel cruel world

Cause you're the only one
The only one, the only one who gets through
And when my hope is gone
I'm feeling numb
The only one I let through is you
Is you, you
You get me through, you
You can get me through this cruel cruel world
This cruel cruel world
