You lookin' like first class
Acting like a cheap date
Honey drippin' smile, so stylin'
Bet you know what you do
Don't you, baby?

Eyes that penetrate
Heat that degenerates
Lust communicates
I can hardly wait to get to you
To show you, baby

If you want to, I can be dirty too
I can spin you around, pick you up and go down
If you want to, I can be just like you
And do the dirty things you do

You walk into a room
Inceptible boom
Tight shot, close zoom
When you move it's assumed
You feel it too, don't you, baby?

Tickin' like a fuse
There's an itch I gotta scratch
Ten minutes in a room
Get this monkey off my back
Any dark space would do to show you, baby

If you want to, I can be dirty too
I can spin you around, pick you up and go down
If you want to, I can be just like you
And do the dirty things you do

Why don't you tell me your sign?
I hear we're two of a kind
Scorpio, I been told, you're my most compatible ride
Oh, let me tell you again

You make me wanna pop, pop, pop, pop, pop
[Incomprehensible] mood you're inside my brain
I never wanna stop, stop, stop, stop, stop

Oh, could you do that again?

You make me wanna bam, bam, bam, bam, bam
Shut the blinds, baby, let the door slam
Intergalactic, super bombastic, go from the top
Baby, don't ever stop till I tell you to
Oh, could you do that again?

If you want to, I can be dirty too
I can spin you around, pick you up even go down
If you want to, I can be just like you
And be dirty, dirty, dirty, dirty too

Scorpio, I been told
You're my most compatible ride
Fade to black, commercial break
This is where the censor kicks in

I think you better close your eyes, block your ears
This could be the gem of the year
Oh, if you do that again, again, again
