It's six o'clock and I'm wide awake and dreaming
I'm thinking back to a time before our separate lives
A time when I could make you mine
I made a promise I was never going to hurt you
I wrote a letter and divided all the words in two
Half for me and half for you
Now I'm sending out a searchlight
Along latitudes and satellites

Don't give up
Don't give up
Don't give up on our love story
When you can't go on
Don't give up
Don't give up
Always dark before the morning
When you can't go on
You'll be a brave heart
I'll be a lion's roar
And love surrenders to win the war

In the silence I hear every word you're thinking
Like the shimmer of a far away and distant star
I guess love could never travel that far
No
And I can't believe it's come to this
All our secret codes and battleships

Don't give up
Don't give up
Don't give up on our love story
When you can't go on
Don't give up
Don't give up
Always dark before the morning
When you can't go on
You'll be a brave heart
I'll be a lion's roar
And love surrenders to win the war
To win the war

And I want to run away from this

But I'd never leave a sinking ship
No
Without you in it there's no point to our story
Well I can't believe it's come to this
All our secret codes and battleships
No
Without you in it there's no point to our story
Don't ever let me go
No, no, no
Don't ever let me go
Don't ever let me go
Don't ever let me go
