(Shut up)

For all the anguish,  
And degradation  
For every time I needed truth  
And you were faithless  
But disappointment, self-deprecation  
But living a lie for fantasize and you could save me

I need my cross like a blanket  
And misery is comfort  
I can hardly stand to blame my self-fulfilling prophecy  
on you  
And in the end I decided  
I guess I felt I deserved it  
I should kiss your dirty lips for bringing me my clarity

And how did you just make me see?  
How your lies have buried me  
But I forgive you  
Lord I must forgive you  
So I

I feel so high  
Just let it go we would  
I forgive you  
Lord I must forgive you  
So I

(Shut up)

For all the torment  
Loss of independence  
For disrespect, carelessness with my emotions  
For all the screams I swallow  
How a soul is hollow  
For giving into temptation  
For making me feel like a cheap replacement

And how did you just make me see  
How your lies have buried me  
But I forgive you

Lord I must forgive you  
Cos I

I feel so high  
Just let it go we would  
I forgive you

Lord I must forgive you  
Cos I

All the lies that I believed  
And all the guilt you make me feel  
Cos I forgive you  
Lord I must forgive you  
Cos I

Ohh I feel so good just letting go  
You know I feel good now you're gone

Getting stronger, letting go  
Getting stronger, I'm moving on  
Getting stronger, I'm letting go  
Getting stronger, I'm getting stronger  
No

This time  
I forgive you  
Lord I

And how the truth does make me see  
And how your lies have buried me  
I forgive you  
Lord I  
I must forgive you  
Lord I

All the lies that I believed  
And all the guilt you make me feel  
I forgive you  
Cos I forgive you  
Lord I must forgive you  
Cos I

And how the truth does make me see  
How your lies have buried me  
I forgive you  
Cos I forgive you  
Lord I  
I must forgive you

(This time)

All the lies that I believed  
Guilt you make me feel  
This time  
I must forgive you

I feel so high  
I feel so high

Cos it feels so good just letting go  
You know I feel good now you go
