Crowded rooms,
Sweaty place,
Discotheque.
Every face
Dissolves around you.
Bodies move, you stay motionless.
No way to ignore
Energy around you.

I can't even think,
I've had too much to drink.
I'm dreaming about dancing in your bedroom.
Tired of these clothes,
I wanna be flesh and bone.
I'm gonna say the words you're thinking, baby.

Nobody knows it's ecstasy,
Nobody feels this energy,
I got to know.
Baby, come on, let's go.
Don't even know your name.
You see, we got a chemistry, baby.
I like to know.
So, baby, come on, let's go.

Dirty beats,
Crowded place,
Sweaty room,
Angel face.
You know I'm not even listening.
As the beat penetrates,
Wanna leave this place.
I could kiss your lips forever.

I don't know your name.
Baby, what did you say?
You have a boyfriend,
Well I'm single.
Removing your clothes
To the flesh and the bone
I don't know what the hell I'm thinking, baby.

Nobody knows it's ecstasy,
Nobody feels this energy,
I got to know.
So, baby, come on, let's go.
Don't even know your name.
You see, we got a chemistry, baby.
I like to know.
Baby, come on, let's go.

Nobody knows it's ecstasy,
Nobody feels this energy,
I've got to know.
Baby, come on, let's go.
Don't even know your name.
You see, we got a chemistry, baby.
I like to know.
Baby, come on, let's go.

I'm not like this all the time,
I swear something has taken over me.

I'm not like this, I swear.
This time I want to lose control of it.

I can't even think,
I've had too much to drink.
Why did you have to feel so amazing?

Nobody knows it's ecstasy,
Nobody feels this energy,
I got to know.
Baby, come on, let's go.
Don't even know your name.
You see, we got a chemistry, baby.
I like to know.
Baby, come on, let's go.

'Cause nobody knows it's ecstasy,
Nobody feels this energy,
I'd like to know.
Baby, come on, let's go.
Don't even know your name.
You see, we got a chemistry, baby.
I like to know.
Baby, come on, let's go.

I'm not like this all the time,
I swear something has taken over me.

I'm not like this, I swear.

This time I want to lose control of it.

Baby come on, let's go.

Baby come on, let's go.

Baby come on, let's go.

Baby come on, let's go.
