Come inside stop scratchin at my door
Live inside me help me count the ways you once
adored

Lovers need a place to lay their head
As a broken promise returns too late
Another sunset meets an argument

Fade out of nowhere into nothing
Into nothing at all
How did my love turn into something
That you don't really want
Nothing nothing nothing
Our love turns into
Nothing nothing nothing
Our love turns into

When did your eyes get so icy blue
When did you stop seeing me as a reflection of you
Take me to the place of broken dreams
Where your hope deserted or showed up late
And tore apart the love we might have made

Fade out of nowhere into nothing
Into nothing at all
How did my love turn into something
That you don't really want
And we both know what you're thinking
But we cut through the straight lines
Fade out of nowhere into nothing
Into nothing at all
Nothing, nothing, nothing
Our love turns into nothing, nothing, nothing,
Our love turns into nothing, nothing, nothing
Our love turns into nothing, nothing, nothing
Our love turns into

No more excuses for turning away
You can't stop a heartache by running away
I can't sit back and watch love fade to gray
Ooooh
And into nothing at all

How did our love turn into something that you don't
really want
And we both know what you're thinking
But we cut through the straight lines
Fade out of nowhere into nothing
Into nothing at all
Nothing nothing nothing
Our love turns into nothing, nothing, nothing,
Our love turns into nothing, nothing, nothing
Our love turns into nothing, nothing, nothing
Our love turns into
Ooooh
But we cut through the straight lines
Ooooh
