In a world so cynical
You came in and changed the ball
From black to white
And made me alright
This is all so typical
No one else has had the time to read the signs

[Chorus]:

You are the only one
And no one else can keep me from
The danger of myself
You keep me stronger
You are the only one
And now I love you even more
Than I did before

After such a jealous side
Reaching out I tried to hide
My infant strive
And in my mind this is all so prototype
I make it wrong to make it feel right
Don't deny it

[Chorus]

And when they make the call
For one last drink
When my self-esteem sinks below
When no one knows it
When the colors all collide
All inside I can barely hide

[Chorus]
