When you move electricity pulses  
And the crowd clears out of your way  
When you dance it gets a little explosive  
So look out i think i'm headed your way

I'm movin' in fast  
Comin' on strong  
Baby, youre becoming mt number one

You're so bad (so bad)  
Ooh the best I had  
Dancin' like you wanna make your daddy mad  
You're so bad (so bad)  
Ooh the best I had  
I'm comin' in fast  
comin' on strong  
You're dancin' like you wanna prove your mamma  
wrong

When you talk to me I'm not even listening  
its your lips not in the things that you say  
When you walk its not about your direction  
its a chance to see the way your hips sway

You know, I'm comin'in fast  
Comin' on strong  
Baby, youre becoming my number one

Youre so bad (so bad)  
Ooh, the best i had  
Dancin' like you wanna make youre daddy mad  
Youre sobad (so bad)  
Ooh the best i had  
I'm comin in fast  
Comin' on strong  
Youre dancin like you wanna prove your mamma wrong  
I bet you never here no  
Bet you get what you want  
There's no one who'd dare deny you  
And if you feel insecure  
If in doubt, if unsure  
A mirror will surely remind you

Youre so bad (so bad)

So Bad

You know, your comin in fast  
Comin on strong Baby, Youre becoming my number  
one

Because youre so bad (so bad)  
Ooh, the best i had  
Dancin' like you wanna make your daddy mad  
Youre so bad (so bad)  
Ooh, thebest i had  
You're comin in fast  
Comin' on strong

Youre so bad (so bad)  
Ooh, the best i had  
Dancin like you wanna makeyour daddy mad  
So Bad (so bad)  
Ooh, I bet youre glad  
Youre comin' in fast  
Comin on strong  
Youre dancin' like you wanna prove your mamma  
wrong

So bad
