I don't wanna love and
I don't want anybody else
Anybody else to either

I don't want faith
I don't wanna start another war
A kingdom for my crowd of believers

Did I lose my calling
Did I lose you
Don't lovers always get what they want?

I made a stupid mistake
And my world crashed down
All around me
Oh oh

I made a stupid mistake
And I threw it all away
Threw it all away

I got lazy on the wrong side of love
Now I'm searching every face
Every crowd for you for you
For you for you

I don't want astain
I don't want you love upon my hand
But I don't understand what I'm leaving

I don't wanna pray
I don't want a forgiveness from above
When none of this was of my believing

Did I choose to fall down
Did I lose you
Don't lovers always get what they want

I made a stupid mistake
And my world crashed down
All around me
Oh oh

I made a stupid mistake
And I threw it all away
Threw it all away

I got lazy on the wrong side of love
Now I'm searching every face
Every crowd for you for you
For you for you

I've been walking around with my head in the dirt
I've been stripped of everything that ever made me convert
I've been lonely
I've been searching
In the crowd for you for you
For you for you

I got lazy on the wrong side of love
I was stupid sold my king for a war with you
Oh with you oh oh oh oh oh oh

I made a stupid mistake
And my world crashed down
All around me
Oh oh

I made a stupid mistake
And I threw it all away
Threw it all away

I got lazy on the wrong side of love
Now I'm searching every face
Every crowd for you for you
For you for you

You don't want love
You don't want anybody else to either
