Tattooed - Dahmnait Doyle

Am I bound to you?  
Will you wither with the rest?  
Will you loosen your grip?  
As you fade into the sunset?

Will I want to leave you  
Shattered on the floor?  
Will I do anything to  
Have you forever more?

I really miss you  
I didn't want to  
now it's too late...

chorus:  
You're tattooed on my skin  
Don't know where you end and I begin  
You're tattooed on my soul  
Are you the part that makes me whole?

The uncertainty keeps me on my toes  
I'm so undone by what I never know  
Even you're confusions make sense to me  
But I'm afraid that this won't always be....

I really need you  
Want to believe  
That you need me too...

chorus

I fall hard and I fall fast  
know it won't last  
I should leave before it's gone  
but I'm not that strong...

chorus
