I've been watching you from afar
And the way you make your way around the bar
You laugh like youre really entertained
And you smile like its your favourite game

Now youre moving closer to me
And our eyes have connected emotionally
Not looking for a one night stand
Or a place where a broken heart can mend

I know everybody here wants to hold you
I know what its like cause i feel the same
When you look in my eyes theres a part of me thats still
afraid

And when you say you love me do you mean it?
Baby when you hold me do you feel it?
Should i believe the magic in your eyes?
I will wait until the end of time
To here you say you love me like you mean it
Baby when you hold me make me feel it
All i wanna do is make you mine
i've been hurt way too many times...

They say
If you wanna make god laugh
Then all you gotta do is tell him your plan
And i know that the timings not right
Didn't know i would meet you tonight
Its not that i don't really like the attention
i feel luckier than men in the room

Are you really sincere?
Is this just something that you do?

And when you say you love me do you mean it?
Baby when you hold me do you feel it?
Should i believe the magic in your eyes?
I will wait until the end of time
To here you say you love me like you mean it
Baby when you hold me make me feel it
All i wanna do is make you mine

i've been hurt way too many times...

Again and again and again i've been hurt my friend till
the end
You know i've been high i've been low i got no place left
to go
Again and again and again will this search ever end

And when you say you love me do you mean it?
Baby when you hold me do you feel it?
Should i believe the magic in your eyes?
I will wait until the end of time
To here you say you love me, do you mean it?
(oh baby when you hold me)
When you hold me make me feel it
Should I believe the magic in your eyes?
i will wait until the end of time
To hear you say you love me...
Come on baby say you love me...
