Tell me
If you still care
Tell me
If you still care

Let me know
Have you started to lose
Your love for me
And if so
Will you still continue
To be on my side

Tell me
If you still care about me (Tell me, girl)
Tell me
If you still care about me

I was so
Insecure with you
Did you still want me
So I let go
Of the feeling that you
Were still all mine

Tell me
If you still care about me (Show me that you care)
Tell me
If you still care about me

Must we both
Go on being confused
And placing blame
My heart knows
That you're my number one
Do you feel the same way too

Tell me
If you still care about me (If you still care)
Tell me
If you still care about me

Yes, I know

That I still love you
You're forever on my mind
And it's so hard to let go
What I feel for you
You've blown my mind

And captured all my love with your sweetness
And I gave it to you, baby, from my heart
So if we really care for each other
Tell me, baby [Tell me], why are we apart

Tell me
If you still care about me (If you still care) [Do you really care?]
(Listen to my heart beat for you, baby, woo) Tell me
[Tell me]
If you still care about me (Do you feel the same way too)

Tell me [Ooh, tell me]
If you still care about me (Baby, I still care)
Tell me [Tell me]
If you still care about me (Baby, you're my number one)

Tell me (And tell me do you still care?)
If you still care [Yes, I care] about me
Tell me [Tell me]
If you still care about me (You're forever on my mind)

Tell (Listen to my heart beat) me
If you still care about me about me
Tell me (Tell me)
If you still care about me (Do you feel the same way too)

Tell me
If you still care (Listen to my heart beat)
With you near me, when you hold me
Can you kiss me (Do you feel the same way too, woo)

If you still care
If you still care

Woo

If you still care
