- [Sofie.Intro:]

(Sofie Singing)

I see hallucinations.
Don't know what's happenin'?
These thoughts are not mine!
Hallucinations...

- [Speak.Intro:]

The security of this nation depends on complete and total compliance.
Tonight, any protestor, any instigator or agitator will be made example of!

- [V.Verse#1]

Have you ever heard of an implant station?
Where your mind is filled with fake thoughts son.
First! I want to explain a few things!
So I'll explain you the earthly connections.
The human body contains 5 perceptions.
5! As real as a real illusion...
Now I'll tell you why the soul is existing.
Cause emotion's not a bodily function!
Only when it used for survival, protection.
Take it easy! I know the questions.
What is this? What is that? And why so?
A hallucinated black hole!
That controls and says you can't live for the bettering.
Strive for life without tech for survival.
So the white light you see when you die?
Naah, ha! It's one example!

- [V.Sofie.Verse#1.Outro:]

Of how we being implanted!
- (Of how we being implanted!)
Deceived for many milleniums!
- (For many milleniums!)
How have we managed?

- (How have we managed?)
Modern day hallucinations!
- (Hallucinations!)

- [Sofie.Bridge:]

I see hallucinations...
Don't know what's happenin'
These thoughts are not mine!
Hallucinations...

- [Sofie.Hook:]

Would you even care of the fear that it brings?
Trapped in a body of hallucinations!
Drowning in a pool of ignorance!
Hallucinations!

- [Bridge:]

(Sofie Singing)

Hallucinations! x4

- [V.Verse#2.Unveiling:]

Implanted with the thoughts of others.
Implanted with the thoughts of another!
It has been found that controlling the mind is the
ultimate weaponry!
You see?
How this treatment is used amongst Psychiatry.
Combined as a military strategy!
Soldiers drugged in the vietnam war!
Tested on citizens in the psych wards!
Believe me! When I say that it's true!
Hallucinated! Not to see the truth.
Ruthlessly accepting subconsciously that you are being
controlled by another entity!
Flashlight sound effects.
Listen to the mind-crippling messages!

- [Verse#2.Bridge:]

You are incapable!
Your name is, Jack - Tim - Robert.
Stop, Stop!
Now stop what you're doing, and LISTEN!

- [V.Verse#2.Realization:]

You wake up, realize all the fake stuff!
You've been deceived - and now you're pissed off!
But you can't change anything.
Cause everyone else is hallucinated to the fullest!
It is even worse than being struck by the bullet!
Cause when you're hit at least you're conscious and
know it!

- [Speak.Bridge:]

Are you, like, a crazy person?
I'm quite sure they will say so.

- [V.Sofie.Chorus.x2:]

Trapped in hallucinations!
We are fed thoughts from the implant stations!
Trapped in hallucinations!
Do not submit to the implant stations!
Trapped in hallucinations!
We are fed thoughts from the implant stations!
Trapped in hallucinations!
Larger than just body manipulation!

- [Speak.Outro:]

Tonight, any protestor, any instigator or agitator will be
made example of!
