- [Intro:]

Lost Integrity, lost integrity.
Lost Integrity, lost integrity.
Lost! Lost!
Lost Integrity, lost integrity!

- [Verse#1:]

We have lost integrity!
As far as I can see, your words are empty!
You just accept, and always hold back!
A whole bunch of cards, yet you have lack!
Of integrity to ever bet the deck.
Keep safe, is today's reality check, Ha!
Yet you're more in danger than any other opportunity.
You hold down yourself to resist the wanting!
Shit, shit!
Full integrity as a kid, disappears later on like the - God
damn mist!
Suppression is a big part of this!
Suppressed to the degree to contain a complete Lost
Integrity!

- [Break:]

Ha! Ha!

- [Verse#2:]

Keep in mind this is a 3/4 beat.
The integrity I've had to complete.
Horrible! Unimaginable!
Though it's a game and I enjoy it to the full!
Loss of it we've got!
Yes! We have been rocked!
Once at the... Top!
Knocked down to reach the grey rocks.
Don't understand?
You say you're one man, can't handle a plan!
Born with ultimate skills, we once possessed & we had!
Sadly, what happened to our hands?

Buried with energy, the only thing they do is grab!
Mad world! Easy to be, but what do you do?
Walkin' unbearable shoes!
Integrity is all up to you!
A positive message for you to think!
Drown in integrities absence.
On the absolute brinck of ignorance!
You want a better life, a better society!
Here's the trick up the sleeve.
Keep integrity Always in what YOU believe!

- [V.Speak.Bridge:]

What do we do? What do I do?
- What should we do?
I don't know what to do. I don't know what to do.
- What should we do?
Crap. Crap. I don't know! I just said that I don't know
what to do.
- I'm sorry. What should we do?
I don't know.

V: Lost Integrity, lost integrity.
Lost Integrity, lost integrity!
Lost! Lost!

V: Ha! Ha!

V: Keep integrity Always in what You believe!

You've been selected for a mission of utmost
importance.
- What mission?
To save the world.

- [Hook.x2:]

Lost Integrity, lost integrity!
Lost Integrity, lost integrity!
Lost! Lost!
Lost Integrity, lost integrity!

- [Hook.Affected.x2:]

Lost Integrity, lost integrity!
Lost Integrity, lost integrity!
Lost! Lost!
Lost Integrity, lost integrity!

- [Outro.Instrumental]
