I know that you've been hurt before  
and everything you do shows me that you're insecure  
just listen to your heart whispering my name  
'cause all we really have in this world  
is our trust and faith  
how could you doubt me?  
how could you think that I don't care about you?  
boy if you only know what I feel for you...  
you would never doubt me  
some things... only time will tell  
but baby there is one thing you should know so well  
when you need to see the truth, don't you realise?  
that all you have to do is look into my eyes  
how could you doubt me?  
how could you think I don't care about you?  
boy if you only knew what I feel for you  
you wouldn't have to ask me if I really love you  
when there's not a minute of the day  
I don't think of you  
if you could only see what you mean to me  
you would never doubt me

maybe, boy, as time goes by  
you'll come to finally trust  
that I ain't going nowhere, I'll be there  
how could you doubt me?  
If you only knew...  
how could you doubt me?  
if you could just believe  
that you don't need to doubt me  
how could you think that I could without you?  
boy if you only knew what I feel for you  
you would never doubt me, baby  
there's not a minute of the day  
I don't think of you  
if you could only see what you mean to me  
you, you would never...doubt me
