Look at us here together

Look at how good, good things can be

Couldn't get any better

It's almost too good, good to believe

I keep hoping that the gods don't turn the page

That the hand of fate won't come

And take it all away

Is there really this much happiness

That is allowed one girl?

Or am I getting...

TOO CLOSE TO HEAVEN, TOO GOOD TO BE TRUE

I'M FEELING LIKE I MUST BE GETTING

TOO CLOSE TO HEAVEN WHEN I'M WITH YOU

I know, if only I could stop the world from spinning

If we would just stay beneath these stars

If I could stop the clock at this minute

I'd keep you right here, here in my arms

I keep hoping that I never get that call

I keep praying that it's possible to have it all

Am I reaching for more happiness

Than is allowed in this world?

Tell me, am I getting...

TOO CLOSE TO HEAVEN, TOO GOOD TO BE TRUE

I'M FEELING LIKE I MUST BE GETTING

TOO CLOSE TO HEAVEN WHEN I'M WITH YOU

I know if I could I would stay on this mountain

With the angels all around

I can't bear the thought of losing

The best thing that my heart has ever found

TOO CLOSE TO HEAVEN, TOO GOOD TO BE TRUE

I'M FEELING LIKE I MUST BE GETTING

TOO CLOSE TO HEAVEN WHEN I'M WITH YOU

I keep hoping that the gods don't turn the page

That the hand of fate won't come

And take it all away

Is there really this much happiness

That is allowed one girl?

Or am I getting
