"The Prophet"

The newborn child will bring the end

All will watch the burning land

Believing me, I'm saying truth

Listen to my words, it's the prophet

Destruction and pain

The curse will reign

There would be one way

All shall pay

The death is coming by sea

Prepare yourself, see what eyes see

Shores of hell - burning in pain

Run for battle, prepare your spear

I feel the winds of conquer

I pray for the rain

I pray for the domain
