More than life...

More than life...

Goodbye, sweet love of my life

Losing you cuts as deep as a knife

I know I did you wrong

And things weren't right

But I loved you girl

More than life

More than life...

Goodbye, sweet love of my life

I hope he loves you like I do

And everything turns out right

I know I'll stay with my memories of you

Goodbye, sweet love...

Goodbye and goodnight
