Tell me please what am I without you?
I just don't seem to know
Memories of the times I've held you
I just can't let them go

For I need you more
Each day
How did I let you slip away
Please give me something for this day
I need you
I need you

For I need you more
Each day
How did I let you slip away
Please give me something for this pain
I need you
I need you

I need you (Repeated)

Tell me how could you turn and leave me
Standing here at my door
Can't you see that my heart is breaking
I'm needing you like before

For I need you more
Each day
How did I let you slip away
Please give me something for this day
I need you
I need you
For I need you more
Each day
How did I let you slip away
Please give me something for this day
I need you
I need you
