Excuse me, do you know where the dealers are?
I mean, can you get me high?
You've lost the fucking plot
X2

You've lost the fucking plot

I wanna feel the gear
Pumping through my veins
I wanna feel the drugs
Fuckin up my rains

I wanna dance all night
And fuck all day
I want cocaine
On a breakfast tray

Excuse me, do you know where the dealers are?
I mean, can you get me high?
You've lost the fucking plot

You've lost the fucking plot
