Written by Dana Moore / Darron Moore

Darron Moore and the 14th Floor /From the Album:
Love's Fight

Chorus

Love's Flight.

Is taking me higher.

I'm still in love with you.

Hey babe, say babe, hey babe, say baby__.

Love's Flight.

Has taken me higher.

I'm so in love with you.

Hey babe, say babe, hey babe, say baby__.

Love's Flight.

Will take me higher.

I've fallen for you.

Hey babe, say babe, hey babe, say baby__.

Verse

She comes with the mist,
Making her presence known,
Her existence only a dream,
Just a brush of reality.
The lights glimmer
Over her gorgeous dress,
Silhouetting, silhouetting
Her lovely appearance.
Her honeysuckle complexion
Captures many eyes,
Like honey attracts bees__.

Chorus.

Verse

Her silky straight hair
Reminds one of

An ebony panther just stepping
Out of it's morning bath.
Similar to a graceful swan,
She glides so elegantly.
Moving harmoniously
With the sound of music.
Her body flows
Like an ocean wave:
She twirls, she spins,
She bends as she turns.
The crowd is pleased like children
Enjoying candy they just received.

Chorus.

Bridge

Begging for an encore
Wanting more
Of this enticing pleasure
Knowing it will soon be over.
For the time has come to an end
She gracefully bows
And disappears
As she entered, like a dream
(like a dream)
Accompanied by the mist.

Chorus.

I've fallen for you. Like a dream baby
