Nightmare
X5

(Wolves' howl)

Nightmare is coming in dead of the night
While you're sleeping they'll be creeping through any
disguise
And when the nightmare wakes you up in the sweat
Heart is beating, madly breathing, no time for regress
It's just a nightmare that surrounds you with fear
As you tear here's the pillow when things don't seem
clear
Cause out there the nightmares they don't care who
you are
Cause they temporal rock conscious with you in the
dark
