Lay down w/ me
Let me ease ur mind

Don't start thinkin
Baby we aint got time
No we aint got time

Hold me baby
Right up till dawn
Hello sunshine
Do de do de do do
Listen to the birds sing

Feels so right
When there aint nuthin wrong

And it's so damn easy
Call it what you want to
Nuthin but a love thing

Rock me baby
Take me round the world

Im your man
And im here to please you girl
Im here to please you little girl

Hold me baby
Right up till dawn
Hello sunshine
Do de do de do do
Listen to the birds sing

Feels so right
When there aint nuthin wrong

And it's so damn easy
Call it what you want to
Nuthin but a love thing

This kinda thing comes from heaven above

And i just can't get enough
No i can't get enough

Hold me baby
Right up till dawn
Hello sunshine
Do de do de do do
Listen to the birds sing

Feels so right
When there aint nuthin wrong

And it's so damn easy
Call it what you want to
Nuthin but a love thing

Hold me baby
Right up till dawn
Hello sunshine
Do de do de do do
Listen to the birds sing

Feels so right
When there aint nuthin wrong

And it's so damn easy
Call it what you want to
Nuthin but a love thing
