Moving on, and taking as much as we can
Loving every minute
We have no plan

I guess I'm telling you what you already know
You lift my spirits high wherever you go
Defying gravity is what I (?)
Cause when you're near
I have no fears
I'm in love (?)

You blow me away
Everything that you do
I'm so, so in-love with you
You blow me away
Everything that you say
You blow me away

When we're together the sky turns to blue
When we're apart my thoughts are always of you
I never thought I'd be so totally hooked
Above the ground
Without a sound
I'm flying
I'm dancing on air

You blow me away
Everything that you do
I'm so, so in-love with you
You blow me away
Everything that you say
You blow me away

You blow me away
Everything that you do
I'm so, so in-love with you
You blow me away
Everything that you say
You blow me away

(if anyone can fill in the blanks please do, sorry to disappoint)
