I Just Want To Love You

By Danielle Moore / Darron Moore

Intro

Ooooooh

Ooooooh Ooooooh

Ooooooh

Ooooooh

Verse

You've always been here for me

You've always stayed around

You helped me up when others

Were nowhere to be found

Got me thinking about

When I was alone by myself

Oooh

What did I do before you

Where would I be without

The love you're giving to me

I'm on the ninth cloud

Got me feelin' like

I just want to love you for life

Life_____

Ooooooh

Ooooooh Ooooooh

Ooooooh

Ooooooh

Verse

When your kiss

Touch my lips

I knew right then and there

That you'll always be here

Look at me

I'm falling apart

I can't even hold myself together

Don't you leave me no no never

You're the only man for me

My feeling run deep feeling run deep

Yeah

Cause you're on my mind
You're on my mind
Spending all my time
All my time
I never wanna let you go
Cause I gonna love you so
And I___
