No Stress

Written by Jeff Williams

Darron Moore and the 14th Floor /From the Album:  
Love's Fight

Verse

How you doin baby  
Take a load off your feet girl  
This is your night darlin'  
For you I plan a special treat my baby  
Whatever you want  
Your wish is my command  
You can just relax  
Put it all in these hands

Chorus:

No stress no strain now baby  
No stress no strain now baby.

Verse

I've run the water in the Ja'causezi  
And dinner's all ready ready  
I chilled some champagne  
For a candlelight dinner...humm  
Take off your clothes  
And let me rub your body down  
It's so nice  
Having you around  
There's...

Chorus:

No stress no strain now baby  
Let's give love a try  
No stress no strain now baby.

Verse

When I make it too hot  
I know how to cool it down

I tell you there's nothing like  
Having you around

I want cha to be here tonight  
To see me through  
Cause tonight girl  
Iâ'm gonna do you right  
Yeah

Chorus:  
No stress no strain now baby  
Let's give love a try  
No stress no strain now baby.  
Give me your love  
Give me your love

(Vamp out)

Ad lib  
No Stress.  
No Strain  
Iâ'm gonna love you  
Over and over again  
This is your night  
Tonight baby  
You and me  
One on one  
You're my cup of tea  
Cmon love me  
Baby...oh  
I need your lovin  
Oooh...oooh...  
Oooh  
Tonight it's you and me  
You're my cup of tea  
Love me  
Give you what you want  
Give you what you need  
Love ya

All night long  
Sweet baby
