Where you going  
Looking just like death?  
The party's begging  
To hear my baby's breath

It's just coke and some rum and  
Besides it's only one  
It's their golden year boy  
We have to drink to love

When one turns three and four  
It's 'cause we knew that before  
I know you've been through a lot  
But I've really been through more

A long day's journey  
To get through these nights  
You've grown weary  
Of my Jekyll and my Hyde

Smash bottles that you find  
Listen till your blind  
Scratch and scream and cry  
I just can't catch that light

Save yourself. Save yourself.

Mescalito  
Can you clean this mess  
My boy's stuck to me and  
I'm a sinking ship  
He's the saddest thing I know  
Has no friends or foes  
Why are both our souls  
So Shadowed?

Save yourself. Save yourself.  
Save yourself. Save yourself.
