Caught myself crushing through
That stormy old school
Autumn was everywhere
Where were you?

The endless ivy
Wrapped up around me
I thought of your dumb smile
And let the sky pour loose

Maybe I'm just upset
You don't last long at all
I'm always stuck in the sunset
Trying to weather the fall
Maybe I'm just too wet
Time won't wash you away
I'm always stuck in the sunset
Trying to get through the day

You never got to see
The silver lining
The bleeding brick clock tower
Those raining leaves

You always had to be
The flash of lightning
Always with maybes
That never let me leave

Maybe I'm just upset
You don't last long at all
I'm always stuck in the sunset
Trying to weather the fall
Maybe I'm just too wet
Time won't wash you away
I'm always stuck in the sunset
Trying to get through the day
Trying to get through the day

Caught myself crushing through
That stormy old school
I thought of your dumb smile

And let the sky pour loose.
