I don't know what you think  
I don't know what you want me to be  
I don't know how you want me to act  
I've fallen into another trap  
I don't know what you want me to be  
I can't change I can only be me  
I won't fit into your classifications  
I won't be tagged by restricting labels  
I can't fit into your classifications  
A nice little package for media conversation  
I don't know what you want  
I won't change or play a part  
I don't know what you want me to be  
I can't change I can only be me  
I won't fit into your classifications  
I won't be tagged by restricting labels  
I don't know what you think  
I don't know what you want me to be  
I don't know how you want me to act  
I've fallen into another trap  
I don't know what you want me to be  
I can't change I can only be me  
I won't fit into your classifications  
I won't be tagged by restricting labels
