You've got a white house, you've got power
Let's start a holy war
Inauguration or witching hour-
Is there a difference anymore?

Unholy Man.

You get stronger, we get weaker
Vampire President
You sink your fangs in ever deeper
And drain whatever we've got left

Unholy Man.

Gonna dance around your fire now
In the hot sands of the "I" nations
A deadly step to shake the earth
And confidence for generations

The world will never be the same
Now fear has taken root
And we'll dance this jig to the crushing beat
Of military boots

Sons and daughters lace them up
For the honorable slaughter
The threat of terror is the tempo
You are the conductor

We dance
Victims of circumstance
Put us all in a trance
Hook, line, and sinker -
We dance.

They've forsaken me
Woe to the earth and the sea

Unholy man
Yes he does what he can
To erase any progress we've made
And have you believe

That the heart on his sleeve
Has been fed on heavenly bread

Now we're undone
The end has begun

Unholy Man, because he's elected
His throne is protected
By law

Now we're undone
The end has begun

Unholy Man.
