In the world where we live from day to day  
Lives a man who sees only one way  
Stalking the night for a weak, yeah, that's his prey

On the loose he's dressed to kill, another victim, that's  
his thrill  
His eyes glow of violence and abomination  
He's watching you every more always ahead of the  
game  
He knows where he can always find you  
You're just a number to this dangerous man  
You can lie there bleeding while he's laughing

Mad man, can it be he's after you  
Or is he more than a mad man comes for you  
In a rage he's on the loose

Step by step he crawls inside you and turns your  
insides out  
As you allow him, he will overtake you  
You have two ways to choose, but you've broken all the  
rules  
And now you need someone to save you  
You can put an end to his disastrous ways  
Call up the lord and he will free you

Mad man, can it be he's after you  
Or is he more than a mad man comes for you  
In a rage he's on the loose

Deep inside you can find the answer and he can wipe  
your tears away  
Your tears away  
Receive him now don't reject him, Oh, he's god, oh  
don't you dare ?

From there isn't a holiday  
You might not ever understand his frustration  
Of watching you throwing your life away

Now you know you can be free, truly free  
'Cause he is calling out to your name

Why don't you see that he is the healer

Mad man, can it be he's after you  
Or is he more than a mad man comes for you  
In a rage he's on the loose
