Miss Linda, you're the lady with the all-seeing eyes
You're the one with all the answers to my pain and my
cries
All alone, torn emotions, I need someone
Won't you help me please ?
Look in your crystal ball, tell me is there any hope for
me ?
See, I've been a bad girl, so many things I've done that
should not be
Stemmed from the problems of my childhood
memories
And the secrets that I had to keep
They say that you're the lady with the all-seeing eyes
Do you really have the answer to my pain and my cries

Miss Linda, you're the lady with the all-seeing eyes
I call your name in a smoke filled bar
They prayed that night and there they gave their lives
to christ
Why trust a myth to save your life ?
I'll take the strength I have inside and my psychic guide
to set me free

They say that you're the lady with the all-seeing eyes

The one with all the answers to my pain and my cries

Miss Linda, you're the lady with the all-seeing eyes
Give hope to my life

As she slipped into her trance, the first words that I
understood :
"You're daddy's little girl, what a perfect childhood"
Your vague cliches will never work for me
How could I think that you could set me free ?
You made me think that you were wise
And now I find that it's all a pack of lies
I think I'll turn to christianity, it somehow doesn't seem
so bad to me
An hour a week is not a lot to ask to keep me for
eternity

They say that you're the lady with the all-seeing eyes
But you didn't have the answer to my pain and my cries
Miss Linda, you're a lady who's as lonely as ... I call his
name
