[Part 1. Mortal Fear]

Out of deep darkness  
I scream to you  
Out of secret night  
I implore with mortal fear

Lord hear my cry!

Cause you lord  
Put the breath in my flesh  
But now deadly terror  
Lies like ice on me  
They break through my mothers body  
With implements, they try to catch my live  
The burglars are standing  
At the strongholds of the body!

Lord hear my cry!

Still I rest inside of who I never see  
Still I wait once to see the light of the world...

But now they ripped the net...  
Which I've been safety in  
My life will only rest...  
A few seconds more  
Then I will be shredded...  
Into pieces  
And be whipped away...  
From the land of the living!

I will have no grave  
Will be thrown away  
Nothing will be left of me  
Only the sign of Cain on my brow  
And in the hearts of my murderers...

Out of deepest darkness  
I screamed to you  
Out of secret night  
I implore with mortal fear

Lord you heard my cry!

[Part 2. Psalm 51]

Have mercy, with me oh God  
According to your unfailing love  
According to your great compassion  
Boot out: my transgressions!

Wash away all my guilt  
Clean me from my sin  
Hide yours from my sins  
And take away my mistakes  
Create in me a clean heart oh God  
And renew a steadfast spirit within me...

Do not cast me from thy presence  
Nore take thy holy spirit from me  
Restore to me the joy of thy salvation  
And grant me a willing spirit  
A willing spirit to substain me...

Save me from blood guiltiness  
Oh God, your the God who saves me  
And my tongue will sing  
Of your righteousness...

Don't delight in sacrifice  
Nore I would bring it  
Don't delight in pleasures  
Or burnt offerings  
The sacrifice of God  
Is a broken spirit  
A broken and contrite heart  
You my God will not despise...
