I'm tired of working every day for a dollar  
About to choke on my own blue collar  
This ain't gonna last

Misled by the grand illusion  
I've come to this conclusion  
I can't make a move too fast

It was written in the sky today  
By the morning sun  
It sure looks like a good day to run

Chorus:  
Wide open down a two-lane highway  
It's about time that some things went my way  
Throwing troubles out to the wind  
And prayin' that they never catch up again  
I'm gonna say my worryin' days are done  
This looks like a good day to run

My baby's been working as a cashier  
She didn't get a vacation this past year  
And now it won't be long

We don't need no destination  
Just a tank of gas and a good clear station  
Playing our favorite song

There's some places we ain't been  
Some things that we ain't done  
And it sure looks like a good day to run

Chorus:  
Wide open down a two-lane highway  
It's about time that some things went my way  
Throwing troubles out to the wind  
And prayin' that they never catch up again  
I'm gonna say my worryin' days are done  
This looks like a good day to run

Yeah, I'm gonna say my worryin' days are done

This looks like a good day to run

A good day to run

A good day to run

We've got a good, good day, oh ohhhh
