Rock your body
Feel the flow
Mind machine is flashing
The green light to go
Beat box drummer
And a microphone
That's all we need to
Make the show flow, So X 4

That's all we need to
Make the show flow

Beat box drummer
And a microphone
That's all we need to
Make the show flow, So

Rock your body
Feel the flow
Mind machine is flashing
The green light to go
Beat box drummer
And a microphone
That's all we need to
Make the show flow, So X 4

Green light to go X 3

That's all we need to
Make the show flow
