Love is what the word was)

I saw a picture  
How could you be so careless  
How could you have done that to us  
And I write this letter  
I send it all back to you  
And every word you said

In there every word, oh oh oh oh  
How could you have done that to us

You treated me like a stranger  
And all the time I was loving you  
All your slick moves  
They were once innocent moves  
I wanted to look up to you  
I really trusted you  
And every word you said

In there every word, oh oh oh oh  
How could you have done that to us

(Love is what the word was)

I was loving you like a child  
All the time you were smiling  
The same smile  
I was loving you like a child  
I really trusted you

Every word you said  
Every word you said  
(Love is what the word was)

Every word you said  
Every word you said  
(Love is what the word was)  
(Love is what the word was)

Every word you said  
Every word you said

I was loving you like a child  
All the time you were smiling  
The same smile  
I was loving you like a child  
I really trusted you

Every word you said  
Every word you said  
(Love is what the word was)  
I send it back to you, yeah  
(Love is what the word was)

Every word you said  
Every word you said  
(Love is what the word was)  
I send it all back to you, yeah  
(Love is what the word was)
