Blue is the color of the red sky
Will he, will he come home tonite
Blue is the color that she feels inside
Matador, I can't hide my fear anymore
Azul es el color del rojo cielo
volvera volvera a mi esta noche
Azul es el color que siente a dentro
matador no puedo esconder mi temor

Can she tame the beast that is her fear

puede domar la fiera que es su temor
Waiting for her matador
Will they bring the bad news

Blue is the color that she feels inside
Matador I can't hide my fear anymore

Azul es el color del rojo cielo
volvera, volvera a mi esta noche
Azul es el color que siente a dentro
Matador no puedo esconder mi temor
