All I feel nothingness  
Rage before my eyes  
Nothing to base my life upon  
Everything disguised  
Total black, just emptiness  
Felt inside my head  
My choice of life  
A life with death  
I watch the sky turn red

Locked alone inside a room  
I'm counting off the days  
My mind is blank, my body's numb  
Deceased in every way  
Slip into an empty void  
To try and find my place  
My crippled soul, laid to rest  
Death I will embrace

Now that the end looks  
As it draws so near  
My mind and body get stricken  
With terror, death and fear

Lurking terror strikes my mind  
Tolls of bells bring on death signs  
Horrified madness immolates my soul  
Can't escape, is it time to go?

Terror strikes, it blinds my sight  
Death flashes all through my mind  
Fear is cast, the end is near  
Horrified terror, death and fear

Leave my world to try and find  
Something I don't know  
Unsure I leave my state of mind  
Uncertain I should go  
Looking for solutions  
Many problems I can't solve  
Alone I sit back in my chair  
And feel my mind dissolve
