Voice in my head
And... of it
I know they're waiting for me
Out of the window
I'll jump
Maybe I'll crash
Maybe
Where I'm going?
Where I'm from?
And a yellow tricycle
The nights have been looking for
For a way back home
The things that I'm going through
The fear just to talk to you
The friends I don't understand
And you
Like a nail in my hand
You don't know
The lies that I took for truth
The day is running after you
My heart is beating fast
If only a moment could last
The nights that I spent with you
It don't remember
Do you?
The pain that will never end
Cause you're like a nail in my hand
You don't know
For you
Making all blue
For you
It's all new
It's all new
For you
Making all blue
My yellow tricycle
You're two broken wings
Run
And run
And run
Down
My yellow tricycle

You make the world all blue
For you
Making all blue
Voice in my head
And... of it
I know they're waiting for me
Out of the window
Maybe I'll jump
And you will rescue maybe
My only friend
My only you
Maybe you will rescue me
Making all blue
For you
