Everyday is the same old story  
Get a job nine to five and you'll be just fine  
Everyday just gets so boring  
Go to school play the rules and you'll be alright  
I know I'm not the things you want me to be  
And I know I'm not the things you see in me  
It's not in what you see, It's in who I want to be

Seems I've been waiting for a lifetime to finally have  
the strength to say  
That I've been waiting for a miracle that's not coming  
from you

Back down I won't back down  
Back down I won't back down  
Back down I won't back down  
Not this time, not this time

There's a place inside my head  
A place that lives inside of everything that I know  
But I'm not going down, I'm not going down like this

Seems I've been waiting for a lifetime to finally have  
the strength to say  
And I've been waiting for a miracle that's not coming  
from you

Back down I won't back down  
Back down I won't back down  
Back down I won't back down  
Not this time, not this time
