Kill For Kids

What do we tell the kids  
As we're going over the edge  
Killing for kicks  
Got to get the marbles for our heads

Nervous laugh of hyenas  
At adults mixers in Catalina  
Vying for attention  
With casual words of ethic cleansing

It's not this simple  
Yea, life is beautiful  
Yes, life is simple  
Yes, life's this beautiful

Throw your money in my face  
Let's see if our problems go away

We're all gonna die  
It's how to figure it out  
Without constantly asking why  
And not becoming an asshole  
When you're always getting hassled  
Walking the razor's line  
And not going over too often

It's not this simple  
Yes, life is beautiful  
Yes, life is simple  
Yes, life's this beautiful
