Lyrics : Constantine

Their Evil

We slave away wearing these stupid mansuits
More lost today to the avaricious
Dear mama is lost to their plight
I know is there anyone else who knows of

Their evil
TheyÂ're evil
There evil

In our century old Mafioso controlled

Cities sustained on habit alone
Greed, the physical, and fashion reign
I know is there anyone else who knows of

Their evil
TheyÂ're evil
There evil

DonÂ't you see

Their evil
TheyÂ're evil
There evil

DonÂ't you see
