Get off your cat walk, I want you to talk
To be the seer instead of the seen
There is a flower, a leaning tower
And all of the wonders standing between

I don't wanna be another mystery oh no
I don't wanna see who's looking at me oh no
I wanna be the one to feel the sun oh oh
So if you wanna see the world with me let's go

The alligator, the God that made her
And all the creatures that got left behind
In Mycenae, Ave Maria
And everything you gotta dig harder to find
I don't wanna be a vapor of heavenly light
Everybody guess if I'm an angel or sprite

I don't wanna be another mystery oh no
I don't wanna see who's looking at me oh no
I wanna be the one to feel the sun oh oh
So if you wanna see the world with me let's go

You could pursue it, hell I could do it
I'll just be quiet when I get angry and hurt
I'm stopping traffic, cinema graphic
With my long black coat hanging down in the dirt
And my hair clinging to my face in the rain
Like a Goddess from the cult of beautiful pain

I don't wanna be another mystery
I don't wanna be another mystery

I could cut you off with a shoulder of stone
Smoke all night and leave the party alone
Screw myself with an inscrutable pout
But I just want you to come figure me out

I don't wanna be another mystery oh no
I don't wanna see who's looking at me oh no
I wanna be the one to feel the sun oh oh
So if you wanna see the world with me let's go

I don't wanna be another mystery
